SPECIAL NOTICE:

This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

CHASE, ALABAMA,

OCTOBER 4, 1937.

TO THE TRADE:

The map on front cover shows our location and distances to largest centers of population. Note that we are not in the "Deep South." The distance to Chicago is only about 100 miles greater than to New Orleans. We are in the foothills of the Appalachian Mountains. Our altitude and distance from the Gulf give us cold weather, often down to zero. As a result, our stock ripens perfectly. Our fertile soil and long growing season produce healthy vigorous plants.

Our personnel is well trained in every phase of propagation, cultivation, digging, grading and packing. The motto in our grading room is: "When in doubt, put it in the lower grade." The packers in the shipping room like rush orders, and their speed and skill will please you.

All in all, we are very well equipped to take care of your needs. Our thanks to old friends for their kind continued patronage. We invite new friends to try us—your pleasure and satisfaction is our aim.

Very truly yours,

Chase Nursery Company

Terms and Conditions

TELEGRAPHIC INQUIRIES

If you fail to receive a telegraphic reply to a telegraphic inquiry it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

TERMS

Open Accounts (approved credit):

Two per cent 10 days; 1 per cent 30 days; 60 days net.

Cash With Order:

We pack Naked-Root stock free when full payment accompanies order. Note that this does not apply to Balled & Burlapped items.

C. O. D. Orders:

When ordering goods shipped C. O. D., be sure that at least 25 per cent accompanies order.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade. Orders for less than ten of a variety or grade will be invoiced at the ten rate regardless of the total number in the entire order.

Prices do not include packing charges (except as noted above under "cash-with-order" terms). For cost of bales and boxes see Page 4.

All prices are subject to market changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given elsewhere in this list.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, we are **not liable for delays in transit; our responsibility ends upon delivery in good order to railway company.** Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire or other cause beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."**

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate and quick through refrigerator car service.

PACKING CHARGES

Schedule of Box and Bale Charges.

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

CORNUS florida plena, Doubleflowering Dogwood.

The showiest of all the white Dogwoods. Produces blooms while very young. Extremely floriferous, and somewhat later blooming than *Cornus florida*. The original plant was discovered in North Carolina, by the late J. Van Lindley. We are confident this plant has been neglected, and should be given more attention where other varieties are grown. We have propagated this tree for the past 25 years, and find it as sturdy as any plant of the *Cornus* family. Large showy semi-double white blooms with outer row of petals often more than three inches across; inner rows arrayed in whorls. Large bright red berries in September. 15 feet.

Broadleaved Evergreens

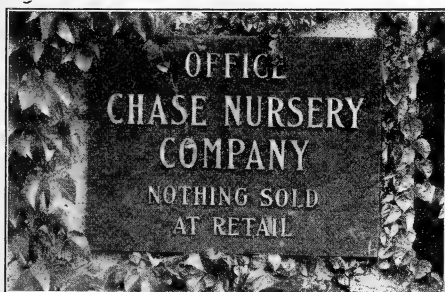

We specify "BB" (Balled-and Burlapped) where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume risk and handle such items with roots carefully puddled (NR), may DEDUCT from the listed price according to schedule shown below, and such items as we have not specified "BB" will be dug balled by ADDING the amount as per schedule below.

Evergreen stock handled "NR" must never be allowed to dry out, nor the roots exposed to sun or air. If planting cannot be done immediately on arrival of stock, cut bunches open and "heel-in", where sun and wind cannot reach them, but where the plants will have circulation of air through the tops. We supply ample moisture in packing material to carry the shipment safely, and pack in ventilated cases or bales.

TERMS ON SUPPLIES

CASH WITH ORDER. Short profits and heavy investment compel quick cash. C.O.D. shipments satisfactory to us, but always expensive to you because of fee and return charges. CASH WITH ORDER just as easy, saves bookkeeping—economical for us both.

EVERY ITEM TESTED

We use every item of these Supplies in our own nursery work. Some are made to our specifications. All are the best value we can find—and we have been hunting the best for forty odd years.

Each item is numbered for your convenience in making up orders—the number is all we need. Please add for postage on items priced f. o. b. Chase—guess liberally. Any difference, either way, to be adjusted.
